

# The International Conference on Person of the Therapist

April 27 – 28, 2018 • Philadelphia, PA

DREXEL UNIVERSITY

Counseling and  
Family Therapy

College of Nursing and Health Professions

*This program is co-sponsored by the Department of Counseling and Family Therapy at Drexel University College of Nursing and Health Professions and Drexel University College of Medicine Behavioral Health Education.*

The International Conference on Person of the Therapist is the first major professional meeting of its kind. The emphasis on the person of the therapist comes at a time when evidence-based treatments are elevated as best practice. At the same time, the world is divided strongly along the lines of race, religion, sexual orientation, class and gender, begging the question of how do we deal with the sameness of humankind yet the difference of experience and context.
